Pre-payment can be made by cheque or credit card. Consumers may be charged a fee of 4 % for use of credit cards. Funds are held in the beneficiary's name.

2. Insurance

Funds may be placed in an insurance/annuity policy where the proceeds of the insurance/annuity policy will be used to pay for the services and supplies when the pre-paid contract is fulfilled. Guarantee of Pre-paid Services

When payment in full is made in accordance with the payment terms set out in the pre-paid contract, the pre-paid contract is guaranteed. The total payment(s) made plus interest earned will be applied to the future price of the services and supplies when the pre-paid contract is fulfilled. If the total amount is less than the future price than any shortfall will be forgiven. If the total amount is greater than the future price than the excess will be applied to any additional services, supplies and disbursements purchased at the time of need as applicable.
